

PRECISION MEDICINE,
PERSONALIZED FOR YOU.

MEDICINE 3.0 · PRECISION LONGEVITY

Programs & pricing.

Chicago · London · Manchester

Healthcare that gets ahead of disease, rather than reacting to it.

LV8 Health practises Medicine 3.0: prevention, personalization and proactive care. We combine advanced diagnostics, precision medicine and lifestyle optimization to find risk years earlier than conventional medicine would, then build a plan around what your own data shows. Every member is guided personally by a longevity physician.

THE PATIENT PATHWAY

01	02	03	04
Patient Mapping Questionnaires, in-depth discussion and genetic assessment to understand your profile.	Bespoke Plan A personalized plan built by your longevity physician around your goals.	Integration Turning that plan into sustainable daily habits, with ongoing support.	Optimization Continuous iteration and refinement, because longevity is a journey.
